NAPA VALLEY TREATMENT

Veterans Affairs

LEARN ABOUT THE COMMUNITY CARE NETWORK

Duffy's Napa Valley Treatment provides exceptional care for military veterans who are suffering from addictions and co-occurring mental health concerns. We're proud to be an authorized healthcare provider in Region 4 of the U.S. Department of Veterans Affairs (VA) Community Care Network. Region 4 is administered by TriWest Healthcare Alliance (TriWest).

The VA created the Community Care Network (CCN) in 2018 to help expand access to quality community-based healthcare for veterans across the United States. The CCN includes VA hospitals and vetted community providers across six regions that cover all U.S. states and territories.

DISCOVER HOW WE HELP

Duffy's is committed to providing excellent service and meaningful support for each person who seeks treatment with us. This includes helping veterans navigate the Community Care Network, confirm eligibility, and access all benefits they are entitled to. Our admissions team members are available to answer your questions about the CCN, as well as provide additional information about behavioral health treatment services for veterans. We collaborate with TriWest and the VA to help veterans access the information they need to make optimal choices for their health.

At Duffy's, we offer a comprehensive suite of services, including detox, residential treatment, and an extended care program. To explore treatment options at Duffy's, learn more about the CCN, or schedule an admissions assessment, please reach out to our friendly staff today.
